

## WALKIN' IN MY SLEEP

**D** **Bm**  
I can see the change in your eyes  
**G** **D**  
The way you look at me now  
**D** **Bm**  
Been fooling each other with alibis  
**G** **A**  
We kept disguised somehow  
**Bm** **D**  
Each time I leave you  
**G** **D**  
I get the feeling that you want me to stay  
**Bm** **D**  
Are you scared to say it out loud  
**G** **A**  
Am I scared I'll drive you away  
**D** **A** **G** **A**  
**D** **Chorus:** If you risk it with me I'll risk it with you  
**D** **A** **G** **A**  
**D** Am I walkin' in my sleep, do dreams come true  
**G** **A** **D** **G** **D**  
**G** **A** I'm mystified and I'm so surprised, didn't have a  
clue  
**G** **A** **D**  
No I, never thought it would be you

Last night I couldn't sleep  
Couldn't drive you from my mind  
Known you so well such a long time  
Could I have been so blind  
Wanted to say I'd be there for you  
Wanted to hold you in my arms  
And forget about the rest of the world  
And the things that could do us harm (cho.)

I don't wanna break your heart  
And I know you don't wanna break mine  
But I can't be playing games  
I haven't got the time  
I could love you as good as anyone  
And I won't let you down  
But we've got to grab it now  
Later on, I won't be around (cho.)
